Michael and Lisa are the co-creators of CultureSplash!™, a series of educational entertainment voyages helping children explore different cultures. Rebecca Kypri-Inacio has composed the Show's original music. Rebecca is the Writer and Composer of 'Showtime', the children's musical taking a stand against bullying. Repeat clients include Kidstuff, The Summit, Star City, Sydney Turf Club, Ikea, many non-government organisations, schools and family groups.
5. 'Santa's List' comes to your school. We perform in your school hall or other communal area - as long as it has access to power and is sheltered from wind.
6. The Show runs for 45 minutes. The small stage set and sound set-up takes 1 hour to set up and 45 minutes to pack up. The cast of 3 require a small room in which to change which is proximate to the stage area.
7. Different Lesson Plans are available for use by children in Kindergarten, Grades 1 and 2 classes.
8. While being lots of fun and celebrating the spirit of the Christmas season, the Show reinforces a variety of values: every character learns a lesson. In addition, it reinforces that while much giving happens at Christmas, **the most valuable things you can give and receive do not have a price.**
